REQUEST FOR CORRECTED FILING RECEIPT OR, IN THE ALTERNATIVE,
PETITION TO ACCEPT UNINTENTIONALLY DELAYED PRIORITY CLAIM

Dear Sir:

Applicant filed the above-referenced case on February 26, 2004. Upon filing Applicant noted on the transmittal sheet that the present application was a continuation of Serial No. 09/861,324, filed May 18, 2001. The filing receipt for the application properly lists the prior application and filing date, but erroneously indicates that the application is a continuation-in-part, rather than a continuation. On March 16, 2005, Applicant filed a preliminary amendment properly identifying the priority as being a continuation. The error on the filing receipt was not noticed until applicants' counsel was reviewing the case during routine review. Thus,

Applicants request that the filing receipt and PTO records be corrected to show the application as a continuation. If necessary, please consider the present request as a petition to accept a late filed priority claim. Any delay in filing the correct priority claim was unintentional.

The Commissioner is authorized to charge any amount owing or credit any overpayment to Deposit Account No. 50-2720. Should there be any questions regarding this request for a corrected filing receipt, please contact Applicants' counsel, Randall B. Bateman, at (801) 533-0320 so that such matters may be quickly resolved.

Sincerely,

BATEMAN IP LAW GROUP

**LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15**

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
